

Area Supervisors Office

Support Agency Goals and Initiatives: Optimize the use of all available resources, implement solutions in support of agency goals and objectives.

Exercise Fiscal Responsibility: Manage financial resources effectively to support program improvement, policy implementation, and maintenance of unit resources and infrastructure.

Promote Regional Tourism and Benefits: Work across borders to create new partnerships, develop a sustainable recreation model and create economic benefit for local communities.

Apply Demonstration Authority: Demonstrate new ideas through science-based innovations and share validated best practices to promote visitation, improve natural resource and wildlife management practices, deliver recreation services, and provide environmental education opportunities.

Create an Environment of Respect: Promote diversity, recognize, and value new ideas and past approaches, and actively foster an environment free of bullying, sexual harassment, and discrimination to enhance internal and external relationships.

Strengthen Forest Service Workforce: Utilize all available hiring mechanisms to find the best candidates, support and develop staff members throughout their careers, and improve employee engagement to create job satisfaction in the organizational unit.

Foster Safety: Manage a robust, partner and contractor-inclusive, unit-wide safety program based on instruction, inspection and investigation, and utilizing feedback and continuous improvement to provide world-class safety support to employees, volunteers, partners, contractors, and visitors.

Principle Goal

Lead organizational change, develop best practices and provide valuable strategies in public land management, outdoor recreation, and environmental education to improve service delivery by the Forest Service.

Strategy & Vision

Emphasis on setting mutual goals proactively through engagement of local, regional, state, Federal and Tribal partners and other stakeholders; and then, jointly foster the commitment of resources to achieve shared priorities.
