Prepared by US Forest Service, Land Between The Lakes  
GIS Laboratory, September 2004

**Disclaimer**

Source scales vary, and accuracy of the final land cover has not been assessed. Lakes are associated with facilities. Honker and Energy Lakes are also wildlife refuges. All Research Natural Areas and State Natural Areas lie within the Core areas. Core acreages are based on GIS data, not previously published. Closed facilities under administrative areas include Duncan Wildlife Restoration Area, Empire Farm, Youth Station, Lookout Tower, and Silo Overlook.
