Rain is Causing Hazardous Road Conditions at Land Between the Lakes

Land Between the Lakes , KY/TN - February 23, 2018 -

The U.S. Forest Service at Land Between the Lakes warns visitors that area flooding may create dangerous road conditions and cause closures now through Sunday.

Jenny Ridge Road, Energy Lake Road and the Elk & Bison Prairie have been closed due to road damage or high water. We expect that other roads are in similar condition. If you must travel on our back roads please use extreme caution.

Soils are already saturated and the National Weather Service is forecasting more rain with a chance of severe weather. Roads already submerged will be impassible and ford crossings may be dangerous.

Staff photo taken in the Elk & Bison Prairie.
